

Canadian Machinery Vibration Association Eastern Ontario Chapter

Minutes of the Fall 2001 Meeting of the Canadian Machinery Vibration Association Eastern Ontario Chapter

Date: November 7th, 2001 7:30pm
Location: Ambassador Hotel Kingston, Ontario
Attendance: Eight (8)

The meeting was brought to order by the chapter president Colin Ostergard at 1930.

After a brief introduction and a warm welcome, the following items were tabled for discussion;

1. Realigning the Eastern Ontario Chapter back with the Ontario Chapter,
2. Meeting formats,
3. Selection of dates for 2002 Eastern Ontario Chapter Meetings,
4. Promotion of events for the Trade Show/Workshops,
5. Financial Report, and
6. Elections

Presentations

1. CMVA and ISO, presented by; Colin Ostergard
2. VA in Low Speed Machinery presented by; Steven Grundy

Discussion

1. Realigning the Eastern Ontario Chapter back with the Ontario Chapter was discussed and due to the lack of participation from the Eastern Ontario Chapter members as a whole, it was held over until the next meeting.
2. Meeting formats were discussed in order to bring into the CMVA a wide range of technologies that are available. Technologies discussed such as Oil Analyses, Thermography & Stress Wave Form Analyses. Vibration Analyses (VA) is only one type of technology available and many plants are using more than VA. By utilizing some of these technologies in conjunction with VA a total RBM/RCM condition exists. The idea was to open the meetings to include subject experts into the different technologies available.
3. Selection of dates for 2002 Eastern Ontario Chapter Meetings are as follows;
February 2nd week (Feb 13?) in Oshawa. President will confirm dates and location.
Trade Show set for June and will be combined with the Ontario Chapter
AGM will be the 2nd week of September (Sept. 11th?), location and times TBD
4. Promotion of events for the Trade Show/Workshops was discussed as to the decision for Key Speakers, vendor booths and format. A working group will be set up to organize this event.

Canadian Machinery Vibration Association Eastern Ontario Chapter

5. Colin Ostergard gave financial Report, as the Treasure was absent. The chapter has a total of \$5,630.71.

6. Elections were carried out with the following results:

President:	Colin Ostergard
Vice President:	Richard Burden
Secretary/Treasure:	Scott Raithby
Membership Chair:	Adrian Brookes and Steve Grundy
Technical Committee Chair:	Simon Rivers-Moore

Presentations

1. Colin Ostergard also gave a presentation of what the developments were between the CMVA and ISO.

2. Steve Grundy gave a practical demonstration and hand out of Required Vibration Analysis Techniques and Instrumentation on Low speed Machines.

Both Presentations brought on much discussion amongst all attendees. Thank you to both presenters.

Meeting ended at 2130.
